

SCI takes great pride in our field services we provide to the gas & pipeline industry. Once a site is in place, it takes a lot of work to maintain a site and keep compliant with DEP requirements. We excel in this type of maintenance to keep a site safe, clean, and environmentally compliant.

Services Include:

- Washout Repair & Prevention
- Stone Placement & Embankment Protection
- Mowing and Litter Collection
- Fence Installation & Repairs
- Sediment Clean Out
- Culvert Cleaning
- Dust Control
- BMP Inspections & Repairs
- Snow Removal & Road Repairs
- Spill Clean Up

Erosion Control

SCI understands the importance of protecting our environment and complying with DEP Standards (Best Management Practices, BMPs). Our employees attend regular trainings on DEP regulations and understand the proper installation procedures. Effective erosion controls help maintain the integrity of a job site and prevent future problems.

Services Include:

- Hydroseeding / Brillion & Drill Seeding
- Rock Construction Entrances
- Standard Filter Fabric Fences
- Super Silt Fence
- Composite Filter Sock
- Composite Filter Sock Sediment Trap
- Collection Ponds / Diversion Ponds
- Inlet Protection
- Rock Filters
- Rock Channel
- Slope Stabilization
- Storm Ponds & Clean Out

Restoration / Earthwork

SCI has all sizes of dozers, excavators, loaders, hydroseeders and more to take on earthwork projects of any size. Our operators and management team are experienced in all gas & pipeline site work (new construction & restoration). SCI is experienced, proficient, safety conscious (ISN approved), and dedicated to delivering on our promises.

Services Include:

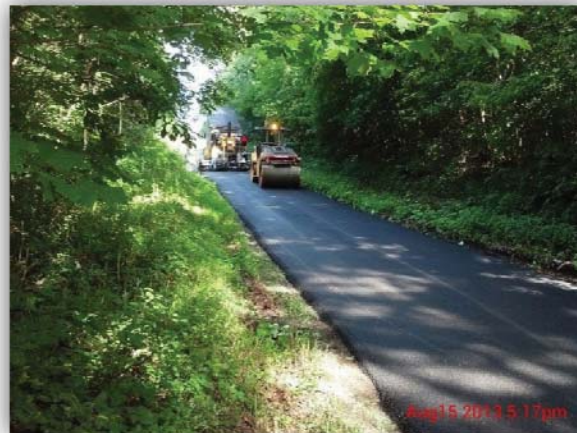

- Site Reclaim / Restoration
- Hydroseeding (Soil Amendments)
- Brillion & Drill Seeding
- Topsoil Strip & Stockpile
- Topsoil Relay
- Rough Grading
- Underground Drainage
- Catch Basins

SCI has the equipment and capabilities to mobilize quickly. When there's an emergency, we can be on site within a couple hours. Our emergency services include more than just clean up. We come with solutions to help prevent problems from occurring again.

Services Include:

- Storm Management
- Cleanup Services
- Stream & Waterway Diversion / Cleaning
- Embankment Repair & Stabilization
- Culvert Repairs
- Roadway Repairs

SCI is a full service construction company specializing in Field Services, Maintenance, and Site Work for the oil & gas industry.

Based in the heart of the Laurel Highlands of Southwestern Pennsylvania, we are well situated to serve our regional communities in both the Marcellus and Utica Shale formations.
